

RISHABH SHARMA

Senior Full Stack AI Engineer | MERN + LLM Systems | Tech Lead

Hisar, Haryana · +91-8059050305 · b.rishu.pandit@gmail.com · linkedin.com/in/rishabh-sharma-v · github.com/bugsbunny96

PROFESSIONAL SUMMARY

Senior Full Stack AI Engineer and Team Lead with 6+ years delivering production-grade MERN platforms and AI-powered automation systems for SaaS and enterprise clients. Spearheaded Agentic AI and LLM integration initiatives that automated 60–70% of manual workflows, reduced operational overhead by 30–45%, and improved application performance by 30–40%. Proven leader who has mentored 5+ engineers, owned end-to-end architecture decisions, and shipped high-impact solutions using Next.js, Node.js, LangChain, RAG, Pinecone, VAPI, and n8n.

CORE SKILLS & TECHNOLOGIES

Frontend	React.js, Next.js (SSR/ISR), TypeScript, JavaScript (ES6+), TailwindCSS, Redux Toolkit
Backend	Node.js, Express.js, REST APIs, MongoDB, PostgreSQL, Firebase, Supabase, JWT/OAuth 2.0
Agentic AI	LangChain, RAG, Pinecone (Vector DB), OpenAI APIs, VAPI, n8n, Prompt Engineering, Multi-Agent Systems
DevOps/Cloud	AWS (EC2, S3, RDS, Lambda, CloudFront), Docker, CI/CD, Vercel, Git/GitHub/GitLab
Quality	Jest, React Testing Library, Code Splitting, Memoization, Schema Validation (Joi/Zod)

PROFESSIONAL EXPERIENCE

Senior MERN Stack Engineer – Team Lead

Orion eSolutions Pvt. Ltd., Mohali | April 2025 – April 2026

- Architected and owned end-to-end MERN platform strategy, driving all system design decisions and improving overall application performance by 30%+ through SSR, code splitting, and caching.
- Spearheaded Agentic AI development using VAPI, n8n, LangChain, and Pinecone — automating 60–70% of inbound client workflows and reducing manual operations overhead by ~45%.
- Designed multi-agent LLM pipelines with RAG context retrieval, cutting AI operational costs through structured output strategies and token optimization.
- Led and mentored 5+ engineers, establishing CI/CD pipelines and code review standards that reduced production issues by 30% and accelerated release cycles.

Senior Software Engineer – React | Senior Associate

AuthBridge Research Services Pvt. Ltd., Gurugram | April 2023 – January 2025

- Owned frontend architecture for enterprise background-verification SaaS products used by Fortune-500 clients, improving application load time by ~30% via Next.js SSR and lazy loading.
- Built and shipped a company-wide enterprise design system adopted across 4+ product teams, cutting UI development time by ~25% and enforcing brand consistency at scale.
- Drove testing culture by integrating Jest-based test suites, raising frontend code coverage and reducing regression bugs in production.
- Mentored junior engineers and established pull-request review standards that improved codebase maintainability and team delivery speed.

Front-End Web Developer

Ra & Ga Advertisers Pvt. Ltd., Panchkula | August 2022 – March 2023

- Developed React.js-based responsive web platforms for agency clients, improving page speed scores by ~25% and boosting SEO rankings through performance optimisation.

Earlier roles: Ahead WebSoft Technologies (2019–2020) · Babel Media India (2019) · Bhadani Technology (2018)

KEY AI PROJECTS

■ Missional Agents – Multi-Agent Church Receptionist Platform

Architected LangChain + Pinecone RAG system with VAPI + Twilio + n8n, automating 100% of first-response workflows and cutting receptionist ops cost for a US-based church network.

■ CoachNova – AI Voice Assistant

Built real-time conversational AI with VAPI; optimised prompt flows and structured outputs, reducing per-session AI cost by ~35% while improving response accuracy.

■ EqualyzeAI – AI Decision Automation System

Designed LLM reasoning pipeline with Pinecone retrieval for automated decision workflows, integrating backend APIs for scalable, low-latency processing.

EDUCATION

M.Tech – Computer Science & Engineering

Guru Jambheshwar University of Science & Technology | 2020 – 2022

B.Tech – Computer Science & Engineering

The Technological Institute of Textile & Sciences | 2014 – 2018
